I learned about masturbation two years ago. Kind of by accident. Nobody ever told me what it was. One day when everyone was out of the house, I came across a video tape hidden behind the TV. My dad had hidden movies before with dirty scenes, like fatal attraction. It was exciting to see boobs and butts. But this time, it was different. I could see...everything. People were doing things that I didn't even know were possible, or even...allowed?

"Why is there so much hair?" "Those dicks are so...BIG."

The illustration on this page depicts the main character facing a small TV set with a remote control in his hand.

**PAGE 133**

I started watching my dad's porn...a lot...while I was naked. And eventually, I stumbled upon...  
...a surprise sensation.

It felt good, but then I felt really guilty about it. I knew watching porn was against the rules, so this new feeling had to be a sin. And now here I am in this tent full of people jerking off, and I feel like I'm in moral danger.

**PAGE 135**

**PAGE 74**

And what if someone thinks my penis is small? I mean, it's not microscopic, but there's the age-old shrinkage dilemma...

Even worse than someone seeing me naked is me seeing others naked. It's so...scary.
